

Junior Buccaneers Sponsorship Form

Our Mission: The Junior Buccaneers mission is to create a positive environment for youth with an emphasis on self-discipline, self-respect and success to aid in the academic, athletic and social prosperity of our student-athletes through character development and community involvement.

Our Vision: To become Tampa Bay's leader in developing and nurturing well-rounded, successful youth and families.

Who We Are: The Junior Buccaneers Youth Football Organization, Inc. is a non-profit 501(c3) organization participating in the Tampa Bay Youth Football League. Established in 1986, our organization provides the opportunity for approximately 150 children annually to not only participate in an outstanding athletic program, but also learn the importance of teamwork, discipline, sportsmanship and leadership skills, which will all benefit them far beyond the football season. The Junior Buccaneers Youth Football Organization, Inc. is financed entirely through registration fees, fundraisers, donations, and sponsorships. This organization does not receive any Federal, State or local funding and is operated solely by its dedicated Board of Directors, coaches and volunteers.

As you may know, The Junior Buccaneers have long been known for our commitment to the athletic, academic and social development of many youth and families in the Tampa Bay Area. To ensure our community's needs are being met, we continuously seek assistance from community leaders such as yourself to offset the cost of registration fees, safe equipment, materials related to our education enrichment program and our many volunteer activities. As are you, The Junior Buccaneers Organization is fully committed to the community in which we serve.

What We Offer: Youth football and cheerleading is the foundation of our program. However, we also institute an education enrichment program which includes homework/study and tutoring, community service and volunteerism. We have also expanded our program to include food and clothing drives, as well as many other community based programs.

How You Can Help: The biggest challenge of this organization is the increasing cost of safe equipment, uniforms, safe/clean facilities, items related to our educational enrichment program and materials for community outreach activities. In effort to reach an even greater number of youth we need the support of local businesses, major corporations, community leaders, friends and neighbors. Please help us make a difference in the lives of our youth. We look forward to building a strong relationship with your organization that will enable us to fulfill the hopes and dreams of our youth, as well as serve as a tool to aid in strengthening our community. We are excited about the opportunity to develop a long lasting relationship with you. The Junior Buccaneers values our community and greatly appreciate your support!
